

I would like to express the administration's gratitude for everyone's dedication and hard work in assisting our clients. We appreciate the countless hours spent collaborating with various units to help manage our backlog. Our IM team's diligent efforts have paid off. We have successfully met our timeliness targets and aim to continue improving. Despite being overwhelmed in many departments, I trust that our team's collaborative support will help us achieve our goals throughout the agency.

As spring has arrived, I am excited about our agency's continuous growth. We have made significant progress, and I am confident we can achieve our goals. We have some exciting and innovative plans for the agency, and I am looking forward to meeting with you to hear any concerns or suggestions you may have. Let's work together with open minds, patience, and positivity to continue growing and improving in order to better serve our clients.

TRAINING

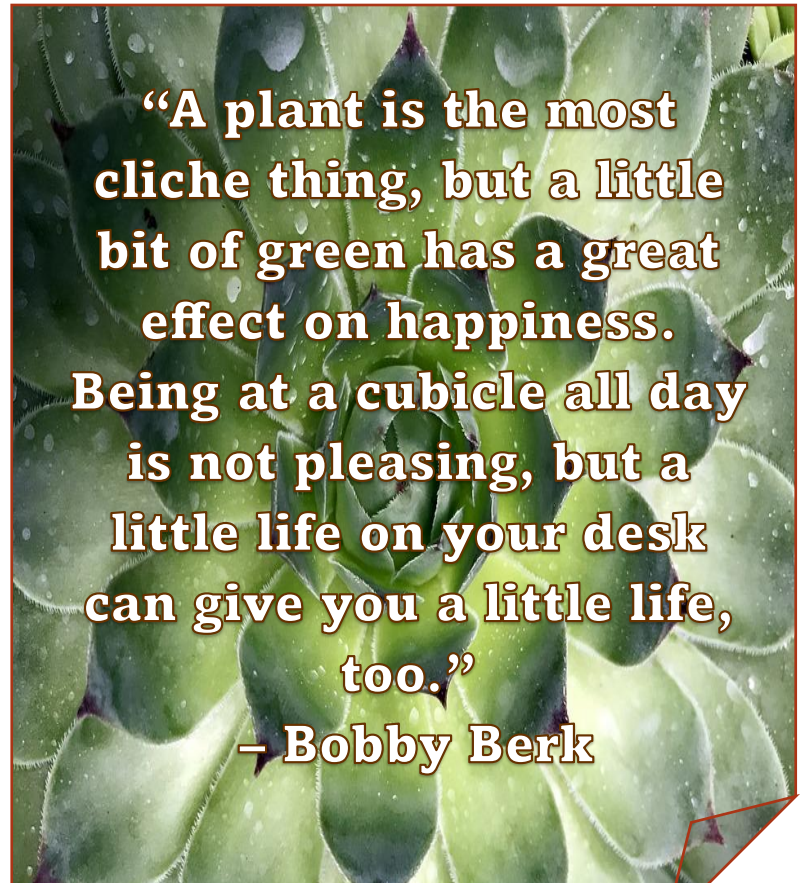

Training Department welcomes LMS (Learning Management System) to PCBSS agency. All staff can refer to the LMS for state mandated trainings such as SNAP-101 or EA-101, as well as, recording participation. Furthermore, all staff should have received an email from CLIP Learning Support with instructions regarding access to LMS. If you have not registered, please do so. However, if you discover you have not received an email, please reach out to Amber Burnett.

ZODIAC SIGNS AS HOUSE PLANTS

BY @JESSWEYMOUTH_

Let's welcome new employees to the agency...

8 Human Service Aids

1 Personnel Tech

Effective communication plays a crucial role in any organization, as it ensures clear understanding, fosters teamwork, and promotes a productive work environment.

This Month, Administration will be meeting with I.M, G.A, and Medicaid to discuss policies, regulations, and standard procedures.

We fully understand that embracing change can be daunting, but we hold **unwavering confidence** that this information will have a positive influence on our work environment. We truly appreciate your cooperation.

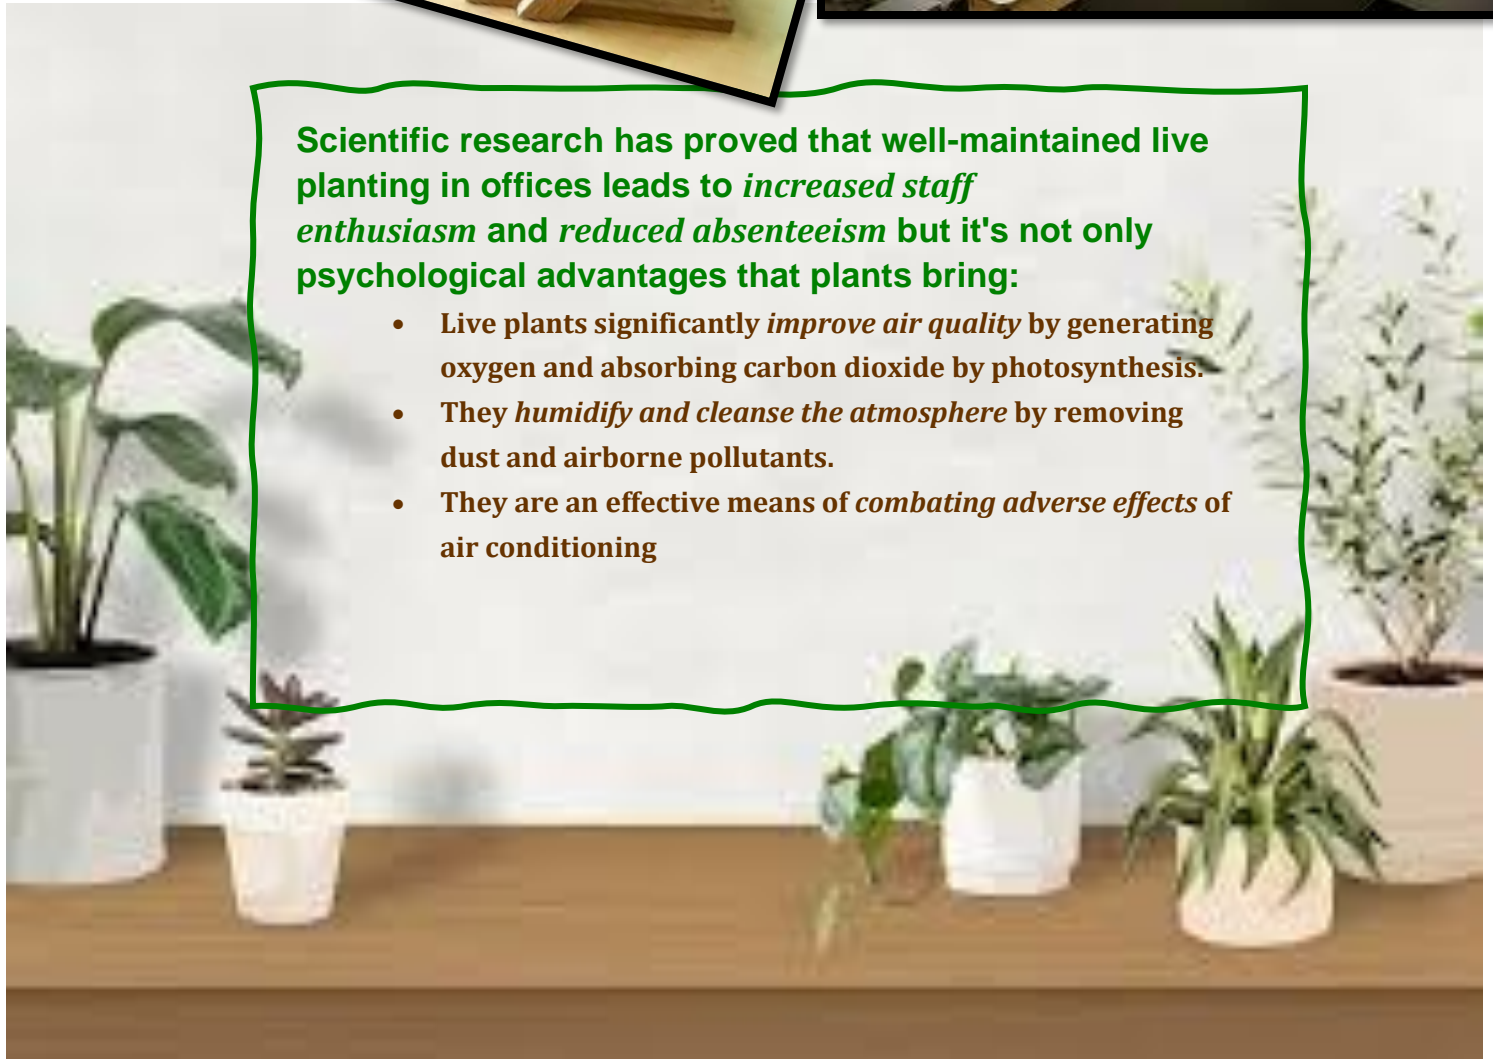

April is National Garden Month, a time to celebrate the joys of gardening and the many benefits it provides.

Desk Plant Inspiration

Scientific research has proved that well-maintained live planting in offices leads to *increased staff enthusiasm* and *reduced absenteeism* but it's not only psychological advantages that plants bring:

- Live plants significantly *improve air quality* by generating oxygen and absorbing carbon dioxide by photosynthesis.
- They *humidify and cleanse the atmosphere* by removing dust and airborne pollutants.
- They are an effective means of *combating adverse effects of air conditioning*

ADMINISTRATION BREAKFAST CHAT

Have you met our Administration Staff here at the Board of Social Services? Many of you have not, so we are going to take the time for you to get to know our Executive Director, Chief Operating Officer, Human Resources Officer, Fiscal Officer, and all the Administrators here at the Board.

Every quarter you will have the opportunity to have breakfast and chat with one of the above-mentioned staff members. You can register, or your name will be randomly picked.

During this time, you can chat and get to know each other. Hopefully you will walk away with a great conversation and a feeling of familiarity with the Administration here at the Passaic County Board of Social Services.
